

# New Digital Pre-Entry Screening Tool

We are getting everything ready for the day we resume normal operations. We are preparing our facilities for a safe and infection free environment.

Therefore, we are excited to announce that the new digital pre-entry screening tool, known as “ScreenPass”, is being placed at all entrances of the [Durham VA Health Care System](#) (DVAHCS).

The ScreenPass was created to provide a quick, safe, and simple way of entering DVAHCS facilities, while ensuring expeditious movement to your destination.

Veterans, staff, and visitors are highly encouraged to utilize the ScreenPass, effective immediately.

There are three ways to access the new ScreenPass:

1. Scan the QR Code at the entrances or scan now and save the link to your mobile device
2. Text Screen to 53079
3. Visit <http://www.va.gov/covid19screen/> and bookmark the page or place on your home screen

Try it today!

Scan this code or go to
